

Volunteer Opportunities

BMS depends on the active involvement of all of our families. Creating a school, keeping it going, making it work is, at best, a difficult task. Working together, the task is made easier in direct proportion to the percentage of involvement of the parents. Participation in your child's school life is the parents' right, privilege, and joy. Parents are asked to volunteer to provide the services necessary to ensure the operation and physical maintenance of the school. Parents may sign up to participate in a variety of ways.

NAME _____

PHONE (day) _____ (night). _____

CHILD'S NAME _____

Please complete this skills -interest inventory so that we can be aware of your special abilities and interests. Please use initials to indicate the parent most interested in a particular skill.
